Raspberry cordial with soda and a shot of kirsch, known as "Omnibus"

Orange juice with a dash of kirsch

Fruit salad with a dash of kirsch

Classic Etter Zug Kirsch: Etter's favourite is a world star

What is true of whisky to the Scots and cognac to the French applies to kirsch for the Swiss – and, it goes without saying, to the area of Zug. Produced using the small, black cherries from the best locations in the region round Lake Zug, it has been distilled and fully-aged as the main product for 4 generations by Etter Soehne AG. The fact that the term "Zug kirsch" has, over the years, become synonymous with Etter kirsch is undoubtedly due to the family-owned company's ability to distil its top product with care and passion in equal measures. A family-owned company with a worldwide reputation: thanks to Etter kirsch!

The great, great grandfather of the company's current management only purchased cherries from the farmers he knew personally, ensuring that Etter was always supplied with the best and ripest fruit. This relationship of trust continues today and provides the guarantee of quality. Similar to red wine, kirsch also lives on its fascinating diversity of flavours as expressed by Etter through its range of products. Look for "your" kirsch: is it the fruity-elegant classic "Vieux et Noble", the full-flavoured, aromatic "Vintage Alter Zuger Etter Kirsch", the mild-earthy "Vintage Wild Kirsch" or the full-of-character "Vintage Weichsel Kirsch"? Every single drop delights the drinker in its very own way, and maintains the balance between fruit and spirit.

This is pure nature: a unique harmony of flavours for all the senses, with a guarantee of Swiss-style enjoyment.

Unsere Qualität ist unsere Zukunft
